

President's Report

Hello Everyone,

We are just back from a very successful Southwest Veterinary Symposium in beautiful San Antonio, Texas. We appreciate everyone's attendance, especially all the Louisiana

veterinarians, as our partnership with the SWVS continues to benefit the LVMA.

As President and on behalf of the LVMA, I was honored to accept a touching thank you from the Texas VMA. Our Dr. Walter J. Ernst, Jr. Veterinary Memorial Foundation made a generous donation to our veterinarian neighbors in Texas, who were devastated by Hurricane Harvey. In addition to this monetary donation the TVMA Board and other Texas veterinarians were overwhelmed with the outpouring of calls, emails and other sentiments from Louisiana veterinarians. They were very moved by our response and concern. I am sincerely proud of our state and our profession. It was humbling to receive this reaction on behalf of all of you, our LVMA members.

Unfortunately, we understand all too well what they are going through as the Floods of 2016 are still fresh in our minds. The Texas VMA Board presented us with a plaque and a moving letter of thanks. The plaque was a circular cut from a 100 year old oak tree that

was blown down in front of a veterinary clinic in coastal Texas. The wood was sanded and stained by another Texas VMA veterinarian with the inscription "Rockport" as a memorial to the devastated community. This very personal presentation and the sentiment we received from everyone involved is reinforcement that this organization is on the right track.

In addition to the devastation in Texas, please continue to keep our colleagues in Puerto Rico and the rest of the Caribbean in your thoughts and prayers and know that all contributions are appreciated and put to great use.

POWER OF TEN

Our first Power of 10 class is wrapping up and the program has been a success with very positive feedbacks. The 2018 Power of 10 application is available on our website. The purpose of the program is to engage and develop recent graduates with foundational skills in leadership, communication, and business. We strongly encourage practice owners and employers to support this program as this is an investment on our profession.

WINTER MEETING

Please join us in New Orleans for our winter meeting January 26-28, 2018 at the Astor Crown Plaza on the corner of Bourbon and Canal Street. Registration is now open and in addition to our remarkable CE offerings

we are excited to also be offering a wet lab at this year's meeting! Join us for a full day of veterinary dental CE with Dr. Brook Niemiec, covering Oral Pathology, Periodontal Disease,

Dental Radiology and Extractions. The afternoon will continue with a 4-hour, hands-on laboratory to learn techniques of veterinary tooth extraction and the lab will also teach how to appropriately and effectively close oronasal fistulas. Register early for this great dental/wet lab opportunity because space is limited. We are still looking for award nominations for our winter meeting. Deadline for submissions is **November 1st** and 2017 Award Nomination Forms are available online at LVMA.org or in this publication.

As always we appreciate your continued support of the LVMA, your membership strengthens our association. Please do not hesitate to contact me if I can answer any questions or be of other assistance.

Sincerely,

Marion Sewell, DVM

 Dr. Shannon Gonsoulin

Small animal hospital located in New Iberia, LA, seeking veterinarian to work 35-40 hrs/wk + rotate weekends. In addition to the "day-to-day" opportunities to make a difference in practice, there is also tremendous opportunity to grow surgery and dentistry. A doctor interested in these areas, in addition to general practice, would have the opportunity to have a thriving caseload.

Our expectations are for a new doctor to be comfortable with technology, client education and high quality medicine. The ideal candidate will have one to five years of experience and be comfortable performing well -patient exams, as well as diagnosing and treating patients and ER day cases. The compensation and benefit plan will commensurate with experience. Serious inquiries please send your resume to ahabetz@lafayettevets.com

Associate veterinarian needed for our growing small animal practice in Northeast Louisiana. We offer in-house lab work with Idexx Lasercyte and Catalyst One, digital radiography, and pulse oximetry/ECG monitoring of surgery patients and other diagnostics. The applicant must be able to work independently, and also have excellent leadership skills. In May, we are moving into a 6,200+ square foot building with four exam rooms, a surgery suite, a dental suite, a treatment area, and an office for each veterinarian. There will only be hospitalization, no boarding, at this new location. We have a laid back work environment, and there is a break room and a large social/common area for the staff. We are excited about the opportunity of continuing to grow our practice and look forward to adding an excellent veterinarian to our team. Experience desired, but not absolutely necessary. Please send resumes to Joel Young at blackrivervet@aol.com
